Fact Sheet: U.S. Army North COVID-19 Hospital Support Beginning August 2021

This fact sheet reflects a joint military operation which began August 2021 and is part of the whole-of-government response to the COVID-19 pandemic.

Since then, a total of approximately 870 military medical personnel from the U.S. Army, U.S. Air Force and U.S. Navy are working, will soon work, or have worked alongside civilian healthcare providers in civilian hospitals, helping treat COVID-19 patients in a total of 24 states and the Navajo Nation.

A breakdown of military assistance during this period, categorized as upcoming, current, and completed support, is below.

U.S. Army North, U.S. Northern Command's Joint Force Land Component Command, manages on behalf of the combatant command, the Department of Defense's COVID-19 response operation in support of the Federal Emergency Management Agency and the Department of Health and Human Services.
